Education

Master Of Computer Application
Indira Gandhi Institute of technology

09/2023 – 05/2025 | Sarang, India

Bachelor of Science in Computer Science (B.sc.)
Banki Autonomous College

09/2020 – 05/2023 | Banki, India

XII (CHSE)
Prananath Autonomous College

07/2018 – 04/2020 | Khordha, India

Projects

ElevateU (Frontend)

Student-Counsellor Communication Platform

- Developed a responsive MERN-based platform for student-counsellor interaction with real-time chat, AI-driven counsellor suggestions, and session booking.
- Includes an admin panel to efficiently manage users and schedules, styled using Tailwind CSS and ShadCN components.

Food Delivery Management System

- Developed a Food Delivery Management System using HTML, CSS, JavaScript, PHP, and MySQL with full CRUD operations.
- Designed an admin panel for managing food items, tracking orders, and viewing revenue reports.
- Built a user-friendly interface for browsing, searching, and ordering food with address details.
- Ensured seamless interaction between users and admins for efficient food delivery management

Weather App (React)

- Developed a responsive weather app using React with OpenWeatherMap API for real-time forecasts.
- Implemented search, geolocation, dark/light mode, and error handling with optimized performance.
- Utilized React Hooks, Tailwind CSS, and API caching for a seamless user experience.

AI-Powered Todo List with Gemini Integration

- Developed a React-based Todo List that uses Gemini API to intelligently add or remove tasks through natural language commands.

Skills

Technical Skills — JAVA, HTML, CSS, JavaScript, React, SQL, MongoDB, Git, GitHub.

Creative Skills — Adobe After Effects, Adobe Premiere Pro, Adobe Photoshop.

Others — Problem-Solving, Teamwork, Communication,

Certificates

Advance adobe photoshop
issued by Quick life Academy

HTML, CSS, JS, PHP
issued by BigBinary Academy

Web Development
issued by Groww with code

Familiar Ide's

VS Code | IntelliJ
